- Can be connected to the neighbouring room

Why our bathrooms have

Grown Alchemist

- **Plant-based scents** — gentle, without heavy perfume
- **More than 94% natural ingredients** — according to the brand
- **Skin care as part of wellness** — formulas that moisturise and nourish

Even the toiletries are part of your stay: not just hygiene products, but everyday care.

The story of the place

An Art Nouveau house from 1905

In 1909 the young heir to the Serbian throne, Alexander Karađorđević, came here to rest.

Today the house has 21 rooms and Revita Clinic. The spa park and the Donat Mg spring are five minutes from the hotel.
